request that a brief report on the present condition of the Chattram and on the manner in which its affairs were being conducted might be submitted to Govt.

The same petitioner addressed a petition similar to the above to the Deputy Commissioner also.

On the 5th July 1906, the Amildar of Yedatore reported that he personally inspected the Chattram and found that travellers were being fed twice daily and that there was no cause for complaint in that direction. He suggested at the same time that, in order to put a stop to writing such false petitions as those under advertence, sanction might be accorded to him to prosecute the petitioners concerned under Section 182 of the Indian Penal Code. The Assistant Commissioner Mr. A. Subrahmanya Iyer recommended the suggestion.

On the 9th July 1906, however, the petitioner Seelaramiah appeared

before the Amildar in obedience to the summonses issued and depose? admitting that he himself wrote the petition in question and that the Chattram was being conducted properly.

The Deputy Commissioner, in forwarding the correspondence on the subject, also reports that the Chattram affairs are in good condition and recommends that, as suggested, sanction may be given to prosecute persons who write false petitions under Section 182 of the I.P.C. That section runs as follows:-

182. [False information with intent to cause public servant to use his lawful power to the injury of another person]

Whoever gives to any public servant any information which he knows or believes to be false

intending thereby to cause or knowing
it to be likely that he will thereby
cause such public servant —

(a) to do or omit anything which
such public servant ought not to do
or omit if the true state of facts
respecting which such information
is given were known to him; or

(b) to use the lawful power of
such public servant to the injury or
annoyance of any person,

shall be punished with imprisonment
of either description for a term which
may extend to six months or with
